

Seyed Mohammad Ali Ziayee

Information Technology Management

Information Technology Manager and Python Developer with experience in project management, technical team leadership, and the development of web-based software. Recently, by participating in the Quera AI Bootcamp, I expanded my practical knowledge and experience in the fields of Machine Learning, Deep Learning, Natural Language Processing (NLP), Computer Vision, and Large Language Models (LLM). Experienced in working with Python, Django, Rest API, Git, and Docker, and passionate about learning and developing AI-based solutions.

WORK EXPERIENCE

Python - Django Developer

Jan 2025 - Present

Freelancer

- Web development with Django
